

REACH

Compliance with the REACH regulation (1907/2006/EC)

Dr. techn. J. ZELISKO GmbH, ENERGY certifies that the product marked in the order confirmation with reference to this website contain lead (Pb) in a mass concentration of more than 0,1 % (w/w) in (part) products made of brass. But of course, the safe usage of the products is ensured. Please also pay attention to the instructions for the use of the product. Furthermore, there are no indications that the above-mentioned substance would affect the safe use of the product for the intended use.

Dr. techn. J. ZELISKO GmbH, ENERGY is monitoring continuously all changes of the REACH regulation. Beyond that we investigate to completely avoid the usage of substances which are on the candidate list (SVHC's - Substances of Very High Concern) in ZELISKO ENERGY products.
