

# RoHS

## **Supplier Certificate of compliance with the Directive 2011/65/EU (RoHS)**

Dr. techn. J. ZELISKO GmbH, ENERGY certifies that the product marked in the order confirmation with reference to this website, complies with RoHS, given that it is covered by a statutory exemption from the scope of applicability of RoHS. In particular, the product does not contain any components or substances banned by RoHS, nor the product infringes the substance thresholds set forth in RoHS. Please note that the lead-restriction is based on the exemption "Copper alloy containing up to 4 % lead by weight" in Annex III / No 6(c) RoHS. The above information is based on the information available to us, which we have obtained and processed to the best of our knowledge and belief and which we update continually.

This declaration can be applied to products which are covered by the directive 2011/65/EU (RoHS) as well as to products which are not covered by the directive 2011/65/EU (RoHS).

**ZELISKO**
